#### Part 2: Questions

Choose **THREE** of the short essay questions to answer. Make sure you indicate which essay you are answering. Essays must be at least 2 paragraphs long. If necessary, feel free to use outside resources to help, just provide a citation as to where you got the information.

1. Contrast and compare the causes of the American and French Revolutions. Why did the French Revolution become more "radical" in its latter phases?
2. What were the lasting reforms or effects of the French Revolution (for Europe)?
3. Describe the new political movements that emerged in the aftermath of the French Revolution.
4. Describe the origins of industrialization. How did the Industrial Revolution (IR) allow Europe to dominate the rest of the world?
5. What changes in social organization did industrialization cause? Did it have a positive or negative effect in the lifestyles of the Europeans or were some classes "left out"? Explain.
6. How were industrialization and revolution linked?
7. How did government functions in Europe increase in response to the "social question"? Give specific examples.
8. How did science and the arts diverge in the period after 1850? Did the IR and its changes have any effect on the arts? Why or why not?
